MAGIC OF THE MIND

YOU ARE

SMARTER THAN

YOU THINK YOU ARE!

FIND OUT FOR YOURSELF....

Can people really expand their minds? They can when Erik Dalu takes the stage. His presentation of unusual phenomenon will change the way you look at the world. Erik uses optical illusions and magical experiments to show his audience the wonders of the Magic of the Mind.

Magic of the Mind is a presentation which involves every member of the audience. It is structured in learning modules, each of which can be adapted to the attention span and experience level of any age group. It's a fascinating show for the whole family.

When you watch this performance you see things that can only exist in your mind.

Think of the possibilities !
